

What we do

Patient-Specific 3D Models

Surgical Guidance, Procedure Planning & Education

CT, MRI, 3D Ultrasound → 3D Print, Rendering, Virtual/Augmented Reality

Micro-Manufacturing

3D Design, Prototyping, Small-Scale Manufacturing, Testing

Educational Phantoms, Custom Labware, Medical Devices

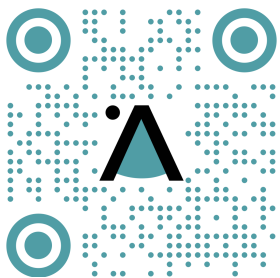

Technology Design & Development

3D CAD, Electronics, Software, Machine Learning Applications

Advanced 3D Visualization

3D Printing, Rendering, Animation, Virtual/Augmented/Mixed Reality
